

The Finest Shampoo for your Special Cat

Non-toxic, non-allergenic formulation  
for allergy and asthma relief

Allersearch® Cat+™ is a cleansing and moisturizing formulation that safely removes and neutralizes allergenic dander, protects from fleas and ticks, destroys cat odor with no added perfumes and cleans and conditions cat's skin and coat. Cat+™ is pH balanced to protect the cats sensitive skin and washes out easily due to the special mild formula. A treatment is effective for up to 30 days.

#### DIRECTIONS FOR USE:

1. Wet cat thoroughly with water.
2. Apply a small amount of Allersearch® Cat+™.
3. Lather and work into cat's coat.
4. Rinse cat well with clear water.
5. Towel dry or blow dry cat.

**CAUTION:** Keep out of reach of children. If swallowed, drink water and contact physician. Keep away from eyes, if contact occurs, flush with water and contact physician if irritation persists.
